EDUCATION

Masters of Computer Application (AI-ML) July 2023 - May 2025
LNCT University, Bhopal 8.31 CGPA

PROJECTS

Inventory-Management-System | *HTML, CSS, React.js, Node.js, Express.js, MongoDB* Dec 2023 - Jan 2024

- Built an inventory management system using React.js, Node.js, Express.js, and MongoDB, achieving full CRUD functionality.
- Enhanced data handling efficiency with MongoDB for robust database management.
- Improved user interaction with a responsive UI developed using HTML and CSS.
- Implemented backend logic with Node.js and Express.js for seamless API interactions.
- Utilized npm for efficient package management and project setup.
- Ensured cross-browser compatibility and performance optimization for better user experience.

Job-Portal | *React.js, Material-UI, Axios, Node.js, Express.js, Passport.js, MongoDB* January 2024 - May 2024

- Developed a full-fledged job application portal using MongoDB, Express.js, React, and Node.js (MERN stack) for seamless job application management.
- Implemented secure user authentication and authorization using JWT, bcrypt, and Passport.js, ensuring safe user interactions and data privacy.
- Enhanced frontend functionality with Material-UI components, providing a modern and responsive user interface.
- Utilized Axios for efficient API communication, improving data retrieval and submission processes.
- Managed user sessions and data storage with Express-session and Connect-mongo, maintaining persistent and reliable user sessions.
- Optimized file handling and uploads with Multer, enabling users to upload resumes and profile pictures effortlessly.
- Collaborated in a team of 5 members to ensure comprehensive development and project success.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML/CSS, MySQL
Frameworks: React.js, Node.js, Express.js, Redux
Tools: Git, GitHub, VS Code

HOBBIES

- Gym
- Reading Books
- Listening to Music

PROFESSIONAL SKILLS

Teamwork: Collaborates effectively within various teams.
Communication: Delivers ideas and information clearly.
Dedication: Committed to producing high-quality results and meeting deadlines.
Time Management: Efficiently organizes and prioritizes tasks.
Problem-Solving: Tackles challenges with a proactive and analytical approach.
Adaptability: Quickly learns and adjusts to new technologies and environments.
